Equipment Manager	\$ 17.00	\$ 25.50	Staging Area Manager	\$ 17.00	\$ 25.50
Faller Class A (up to 12" DBH)	\$ 14.00	\$ 21.00	Strike Team Leader	\$ 22.00	\$ 33.00
Faller Class B (up to 24" DBH)	\$ 17.00	\$ 25.50	Structural Protection Specialist	\$ 25.00	\$ 37.50
Faller Class C (24" DBH or greater)	\$ 21.00	\$ 31.50	Task Force Leader	\$ 22.00	\$ 33.00
Fire Behavior Analyst	\$ 23.00	\$ 34.50	Time Recorder/ Receptionist	\$ 14.00	\$ 21.00
Firefighter 1 (Red Carded)	\$ 17.00	\$ 25.50	Unit Leader	\$ 22.00	\$ 33.00
Firefighter 2	\$ 14.00	\$ 21.00	Weather Observer	\$ 14.00	\$ 21.00
General Staff	\$ 25.00	\$ 37.50			

COMPENSABLE TIME:

Compensable Time begins upon arrival at the station in preparation to leave. Record all time spent mustering/meeting prior to traveling on the Crew Time Report (CTR) and not entered as travel (T) time.

Travel Time begins when you have departed your home station and are enroute to the incident. This should be indicated as a separate entry on the CTR (**Example A**). Travel time calculated as miles traveled divided by 45 mph.

Return Travel Time home should be duplicated from the travel in to the incident, unless the time grossly exceeds the travel formula. An hour of additional equipment maintenance is authorized (Section 14 Mobilization Plan). Travel time calculated as miles traveled divided by 45 mph. (**Example B**)

Time in Assigned Status (on-duty time): Any time the firefighter is on duty or subject to duty (not free to leave an area) and remains under the direction and control of the Incident Commander or designee. Those hours will be considered compensable. For example, a lunch period taken on the fire line will be considered compensable and should be listed as a comment on the CTR. (**Example C**)

Excess Travel Time: For personnel and equipment traveling home that experience any excessive travel delays, the additional excessive travel time should be recorded under the start and stop times with a notation in the remarks section explaining the extenuating circumstances. Travel time is based on miles traveled divided by 45 mph. The CTR needs to be faxed to the Mobilization Section within 24 hours of demobilization. This will ensure that the additional hours are credited if warranted. (**Example D**)

NON-COMPENSABLE TIME:

The following are not compensable by Mobilization:

- Time when an individual is not on assigned duty (may or may not appear on Incident Action Plan) and free to leave the area, which could include time spent eating, setting up tents and sleeping.
- Time required for normal vehicle/equipment servicing or maintenance.
- Crew change travel time (either direction).
- Out-of-Service time – If the unit is inoperable and CTR doesn't show alternate assignment, this time will be considered non-compensable. (See **Example E**)
- Attending daily briefings – Only the Strike Team/Task Force Leader is compensated for attending the briefings.

Crew split up among other engines in Strike Team							
2 1/2 hour lunch 1130 - 1200							

Travel by Ferry for Personnel and Equipment: For those resources that use a ferry to travel either to or from a Mobe deployment, the compensable hours will be calculated as such.

For those traveling to an island where the ferry is the only option:

Travel time is calculated at the mileage from home agency to incident divided by 45 mph + 1 hour for personnel only to allow for waiting time and time on ferry.

For those travelling to Kitsap County or Olympic Peninsula and taking the ferry as an alternate route:

Travel time is calculated at the mileage from home agency to incident divided by 45 mph.

There is no additional personnel compensation for riding on the ferry or waiting for the ferry. If the ferry is faster than the hours credited, there will be no deduction of hours; however, if the ferry is slower there will be no additional credit of hours.

In either situation the ferry toll is not a reimbursable Mobilization cost.

Per Diem: Resources may be expected to be self-sufficient for up to 72 hours depending on the conditions of the Incident. See Section 19 of the Plan for per diem claim guidelines.

WORK PERIODS:

Work Rest and Length of Assignment: The Incident Management Team shall plan for and ensure that all personnel are provided a minimum of 2:1 work to rest ratio (for every 2 hours of work, provide 1 hour of sleep and/or rest). Shifts exceeding 16 hours, including travel shall be approved in writing by the Incident Commander in advance. Mitigation measures shall be employed to achieve compliance with the 2:1 work to rest ratio policies.

Initial and Extended Attack: Within the initial 48-hour period of a fire, initial attack and extended attack operations work to rest periods may vary in length. Full mitigation of the 2:1 work to rest ratio must be accomplished immediately following this period. This requires a minimum of 16 hours rest to be spread over the next 48 hours. Any shift in excess of 16 hours during this period requires Incident Commander's approval prior to working the shift.

POSITION REQUIREMENTS:

When a Red Card is Required? For most positions below Strike Team Leader, you come qualified as ordered. However, to receive the higher pay for positions above FF2, you need to provide your Red Card showing that you've taken the training and completed the Task Book.

Personnel sent to a Mobilization incident must be:

- Minimum of 18 years old;
- Trained, qualified, and experienced in the positions for which they are mobilized;
 - If ordered as a fire fighter no Red-Card is required
 - To receive the increased pay beyond a FF2, you must show certification (red card) for the higher level position.
- Trainee positions below Strike Team Leader will be paid at the highest level carded.
- Red card required for Strike Team Leader positions and above
- Fully equipped with required personal protective equipment (PPE) and safety equipment (for a wildland event, need wildland gear); and
- Physically conditioned and fit to perform the tasks assigned.

PERSONNEL COMPENSATED BY HOME AGENCY:

Those Personnel Compensated by their Home Agency assigned to a state mobilization will continue to be employees of that agency at all times. Fire agency reimbursement of personnel costs includes the following (See **Section 17** of the **2009 Mobilization Plan**):

1. **Regular Hours:** All hours regularly scheduled at their home agency for personnel assigned to a mobilization incident. These hours will be calculated the same as the agency calculates their regular hours for days scheduled for duty at their regular hourly rate. (Example: 8, 10, 12, or 24 hours scheduled duty days.)
2. **Overtime Hours:** Overtime hourly rates for personnel assigned to a mobilization incident for overtime hours worked. Overtime hours are those hours not regularly scheduled to work at their home agency and are assigned on the incident action plan. Compensable overtime hours are the same as those in **Time in assigned status (on-duty time)**.
3. **Assigned Hours:** Assigned hours are those in which the employee is assigned to duty on the incident according to the shift plan or regularly scheduled shift assignment at home agency. Assigned hours include reasonable time spent in preparation for work before and after the shift, travel to and from the assignment, time spent in assigned staging, briefings, check-in, and demobilization. (See **Section 17** of the **2009 Mobilization Plan** for complete Assigned Hours)
4. **Backfill:** The fire agency will be reimbursed the overtime premium differential for positions that require replacement staff for those personnel assigned to mobilization. Only regularly scheduled hours are eligible for backfill consideration. Backfill is compensated at 1/3 of the overtime rate.

Example:

Monday: Mobilized at 3pm;
Tuesday: Scheduled 24 hour shift starting at 7am; worked 6am to 6pm at the incident.
Shift backfilled at home.
Wednesday: Off shift at 7am; Day off working 6am to 6pm at the incident.
Thursday: Demobed and travel home returning at 2pm.

Shift / Week Day	Monday	Tuesday	Wednesday	Thursday
Scheduled Shift:	Day Off	7am to 7am	Day Off	7am to 7am
Mobe Work Schedule:	3pm to 11pm	6am to 6pm	6am to 6pm	6am to 2pm
Hours Eligible for Backfill:	0	24	0	7

Hours Compensable by Mobilization					Backfill Compensation	
Day	Hours Worked	Regular	Overtime	Total	Eligible Hours	Hours Backfilled
Monday	8	0	8	8	0	0
Tuesday	12	24	1	25	24	24
Wednesday	12	0	12	12	0	0
Thursday	8	7	1	8	7	0
Total	40	31	22	53	31	24

BACKFILL REIMBURSEMENT:

Why is backfill reimbursed at 1/3 of the overtime rate?

Example:		Firefighter "1"	Firefighter "2"
1	Firefighter "1" and "2" are paid the same rate:	Regular time \$10.00 an hour, Overtime \$15.00 an hour	Regular time \$10.00 an hour, Overtime \$15.00 an hour.
2	The Home Agency has FF "1" scheduled to work a 24-hour shift.	Budgeted \$240.00 to cover the personnel cost.	
3	When FF "1" is assigned to the Mobilization incident, the Regular and Overtime personnel cost are paid by Mobilization.	The Home Agency retains the \$240.00 it has budgeted for personnel cost.	
4	The Home Agency decides to Backfill FF "1"'s 24-hour shift. FF "2" works the shift.		The overtime cost for this shift is \$360.00 (24 x \$15.00).
5	The funds budgeted for FF "1" 24-hour shift, is now paid to FF "2".		\$360.00 Overtime Cost <u>\$240.00 Budgeted Shift Cost</u> -\$120.00 Difference
6	Backfill is 1/3 the cost of overtime.		\$240.00 Budgeted Shift Cost <u>\$120.00 Backfill Pay (1/3)</u> \$360.00 Total
7	Total Cost to the Home Agency for Mobilizing FF "1" and backfilling with FF "2" is the amount budgeted for the 24-hour shift.	All regular and overtime cost covered by Mobilization.	1/3 of the Backfill cost is reimbursed.

Note: When Backfilling a firefighter that is on a Mobilization assignment, the person backfilling should be within the same pay range.

Backfilling with :	Lower Cost Personnel	Higher Cost Personnel
Budgeted Amount \$ 240.00	Overtime \$ 8.00 an hour	Overtime \$ 20.00 an hour
Cost to cover 24 Backfill Shift	\$ 192.00	\$ 480.00
Cost to Home Agency if any:	\$ 0 – No Cost. The Agency saves \$ 48 for using lower cost person.	\$ 80.00 – Additional Cost. The Agency has an additional \$160.00 in overtime cost. The 1/3 reimbursement is based on the \$ 480.00 which is \$ 160.00 The \$ 240.00 + \$ 160.00 Totals \$ 400.00 The additional \$ 80.00 is a cost the Agency is responsible for.

Appendix N State Chiefs Rate Schedule

Staffing Levels:

Equipment responding to a Mobilization incident must be staffed at either the minimum or maximum level as identified above. Any resource that does not meet the minimum staffing requirements will be paid at the lower rate where the requirement has been met.

This does not apply to initial attack by a host agency or mutual aid response prior to the declaration of mobilization.

Command Vehicles: Paid mileage or the daily rate. The highest rate is paid for that day.

Compensable usage includes: Travel to, from and use at the incident as appropriate.

The Base Mileage Rate for the SUV, Pickup is based on a ¾ ton 4x4 vehicle.

The Base Mileage Rate for All Other is based on a Light Utility 4x4 vehicle.

All Other Vehicles: Daily Rate

Type	Daily Rate
SUV, Pickup, All Other	None

All Other Vehicles: Mileage

Type	Mileage Rate
SUV, Pickup, Other	\$ 0.555

Personal or Agency Owned Vehicles: Paid mileage only.

Compensable usage includes: Travel to and from the incident only.

Rate Established: Established by the U.S. General Services Administration – viewable at: <http://www.gsa.gov/portal/content/100715>. The current rate was established 4/17/2012.

Note: If using a vehicle with driver on an incident as a runner: Use the Vehicle with Driver section of the Other Equipment/Contractor Rates.

Communications Equipment and Support Units:

Equipment Type	Daily Rate			
	Type 1	Type 2	Type 3	Type 4
Communications Unit	\$ 1,500.00	\$ 1,000.00	\$ 500.00	\$ 250.00

Refer to **Appendix L** of the Mobilization Plan for Typing Requirements.

This rate is all-inclusive (i.e., unit comes with batteries and equipment to make the unit functional)

Equipment Type	Daily Rate	Quantity	Minimum Number
Repeaters	\$ 100.00	each	1
Portable Radios	\$ 20.00	each	6

Portable Radio Reimbursement Requirements: King Radio, Clam Shell and batteries.

Appendix N State Chiefs Rate Schedule

2009 Version - Mobilization Plan (Updated June 2012)

Haz-Mat and/or Technical Rescue Vehicle:

Type	Hazardous Material or Technical Rescue Unit with Supplies and Equipment	Daily Rate	Reimbursement for Consumables
Towing Unit Only	None	Mileage or Daily	No
Trailer	Yes	\$ 500.00	Yes and damaged equipment
Truck	Yes	\$ 500.00	
Truck with Trailer	Yes	\$ 500.00	

Towing Vehicle: Paid the same as a unit towing a Type 1 or 2 Mobile Command Post.

Mobile Command Post: Daily Rate

Type	Number of Workstations	Staffing Provided	Daily Rate
1	6+	Yes	\$ 500.00
2	4 to 6	Yes	\$ 400.00
3	2 to 4	No	\$ 300.00
4	2 to 4	No	\$ 200.00

Command Post Equipment/Supplies: The Command Post must have work stations, meeting area for Command personnel, RF communications, cellular telephone communications, fax machine, computer equipment, and a high speed copier. Personnel are reimbursed separately.

Daily Rate Usage Includes: Use of generator for power, chairs, tables, computers and nominal office supplies. Additional compensation may be negotiated upon depending on the use of office supplies (paper, ink, etc...).

Mobile Command Post: Mileage

Type	Base Mileage Rate	\$ 3.26	\$ 3.51	\$ 3.76	\$ 4.01	\$ 4.26	\$ 4.51
		Between					
		\$ 3.50	\$ 3.75	\$ 4.00	\$ 4.25	\$ 4.50	\$ 4.75

2	\$ 1.14	\$ 1.16	\$ 1.18	\$ 1.20	\$ 1.22	\$ 1.24	\$ 1.26
3	\$ 1.06	\$ 1.08	\$ 1.10	\$ 1.12	\$ 1.14	\$ 1.16	\$ 1.18
4	\$ 1.06	\$ 1.08	\$ 1.10	\$ 1.12	\$ 1.14	\$ 1.16	\$ 1.18

(See Next Page for Additional: Mobile Command Post: Mileage)

Mobile Command Post: Mileage (continued)

Type	\$ 4.76	\$ 5.01	\$ 5.26	\$ 5.51	\$ 5.76	\$ 6.01	\$ 6.26
	Between						
	\$ 5.00	\$ 5.25	\$ 5.50	\$ 5.75	\$ 6.00	\$ 6.25	\$ 6.50
1	\$ 1.28	\$ 1.30	\$ 1.32	\$ 1.34	\$ 1.36	\$ 1.38	\$ 1.40
2	\$ 1.28	\$ 1.30	\$ 1.32	\$ 1.34	\$ 1.36	\$ 1.38	\$ 1.40
3	\$ 1.20	\$ 1.22	\$ 1.24	\$ 1.26	\$ 1.28	\$ 1.30	\$ 1.32
4	\$ 1.20	\$ 1.22	\$ 1.24	\$ 1.26	\$ 1.28	\$ 1.30	\$ 1.32

Command Post: Paid mileage or daily rate, whichever is highest for that day.

Compensable usage includes: Travel to, from and use at the incident as appropriate.

The Base Mileage Rate for the SUV, Pickup is based on a ¾ ton 4x4 vehicle.

The Base Mileage Rate for All Other is based on a Light Utility 4x4 vehicle.

Towing Vehicle: If towed by another vehicle, the Towing Vehicle is paid mileage to and from the incident only. Reimbursement for Towing Vehicle usage at an incident needs prior approval.

Example: Vehicle towing a Type 1 Command Post with fuel at \$3.26 a gallon.

Enroute to the incident – truck is paid per mile; Truck = \$1.16 a mile; Trailer = Daily Rate \$500

At the incident, the truck is then used to make deliveries on the line:

Truck = \$1.08 a mile (reduced since it's not towing the trailer). Trailer = Daily Rate \$500

Return trip home, the truck is paid at \$3.26 a gallon. Trailer = Daily Rate \$500

If the truck is not used at the incident, it is only paid mileage to and from the incident and not a daily rate.

Emergency Medical Service Units:

Medical Certification (Minimum)	Ambulance Equipped	Staffing Levels		
		EMR	EMT	Medic
Line EMT or Paramedic When an EMT or Paramedic is needed on the line with the crews that are actively working an incident the EMT's and paramedics must be equipped with medications and supplies appropriate for their level of certification per controlling MPD protocols.	No	N/A	Varies upon the request and mission	
BLS Support When the BLS service is needed in a camp, triage center, drug distribution point or to assist the MEDL where transportation is not needed or away from the line, and not needing transportation. EMT's and Medics may be requested with or without an ambulance depending upon their assignment.	No	Varies upon the request and mission		
BLS Support When the BLS service is to provide first aid at a camp, triage center, drug distribution point or to assist the MEDL where an ambulance is needed. BLS ambulance would be required to meet the equipment listed in Table A of WAC 246-976-300.	Yes Hourly Rate \$56.00	Any combination of the following – minimum number needed is 2. 1 EMT + 1 EMR 2 EMT's		
ALS Support When the ALS service is requested for standing by or is actively engaged in patient care. EMT's and paramedics must be equipped with medications and supplies appropriate for their level of certification per controlling MPD protocols. It would be up to the MEDL to determine if the EMT or Paramedic meets this requirement.	Yes Transport Capable Hourly Rate \$67.00	N/A	Any combination of the following – minimum number needed is 2. 1 EMT + 1 Medic 2 Medics	

The Hourly Rate does not include personnel and ends when a patient that will need to be transported is being treated. The patient will be billed from this point on. The hourly rate will begin when the unit is back at the incident. Personnel are reimbursed as outlined in Section 17 of the Mobilization Plan.

Other Fire Service Units: Mileage / Daily Rate

Type	Daily Rate	Hourly Rate	Mileage Rate	Minimum Staffing
Plow w/disc	No	\$ 45.00	No	2
Support	No	\$ 65.00	Same as a Command Vehicle; SUV or Pickup	1
Crash	No	\$ 200.00		2
Units Not Listed	Negotiate	Negotiate	Negotiate	Negotiate

Water Handling Supply Cache:

Type	Equipment	Daily Rate	Reimbursement for Consumables
Towing Unit Only	None	Mileage or Daily	No
Trailer	Refer to Appendix "O" of the 2009 Mobilization Plan for a Water Handling Supply Cache inventory listing. Less than complete inventory will reduce the Daily Rate.	\$ 500.00	Yes and damaged equipment

Towing Vehicle: Paid the same as a unit towing a Type 1 or 2 Mobile Command Post.

Staffing: One person to staff Cache, who is responsible for checking equipment in and out, maintaining inventory control. Expectation is that the vehicle/staff may be used for deliveries and errands.

COMPENSABLE VEHICLE COST:

Compensable Time (On-Shift): Includes reasonable travel from point of hire to the incident and return to the point of hire from the incident upon release; travel between the incident base and assigned work location; and for specifically directed work. Specific work includes, but is not limited to, assigned suppression work, assigned staging and/or readiness, and assigned support activities. Engines will not be compensated for more time than the crew operating the apparatus.

Paid As Ordered: Units are paid based on the resource order. If a unit has the ability to operate in an upgraded capacity, and the assignment requires the unit to operate in the upgraded capacity, the unit will be compensated at the appropriate rate and the resource order will need to be revised.

Mileage and Daily Rate: Vehicles used for transportation to and from a mobilization event will be paid at the Washington State Travel Regulations and Rates. Vehicles used for transportation on the incident will be paid a daily rate or rate per mile, whichever is higher depending upon the type of vehicle.

Mechanical Failure: The cost of mechanical or other physical damage repair is deemed to be included within the cost of the "wet rate" paid for apparatus. There is no reimbursement for these costs.

Fuel/Oil/Maintenance Cost: Fuel, oil, and maintenance costs that are chargeable to state mobilization units will be deducted from the units' payment.

Compensable Time – Minimum Guarantee Engines: For engines, a minimum of 5 hours of "working" time will be paid per 24-hour period for firefighting apparatus, even if actual hours worked (assigned) is less, provided that the apparatus is in service (response ready). This minimum "working" time provision does not apply to travel days to or from the incident.

Fuel Cost Adjustment: The Washington Fire Chiefs Rate Schedule provides for a Fuel Cost Adjustment (FCA). This adjustment will provide agencies the ability to obtain reasonable relief from sudden and unforeseen increases in fuel prices. The increase in fuel costs could significantly reduce an agency's ability to respond to a Mobe. The FCA will be calculated using published weekly fuel prices found at:

<http://www.eia.gov/oog/info/gdu/gasdiesel.asp>

Where to find the weekly fuel rate:

The weekly price for diesel is found in the center of the page between the graphs.

The weekly price of diesel as posted every Monday is shown by Regions. The price for fuel that will be reimbursed by Mobilization will be the rate shown for the West Coast.

Using the chart to the right, the average price of diesel fuel for the week of May 9, 2011 is \$4.307. The price will be rounded to the nearest penny.

To eliminate confusion, the price for diesel will be the only rate used, even if the vehicle operated runs on regular gas

Diesel Fuel (Dollars per Gallon)			
05/09/11		Change from	
	Price	Week Ago	Year Ago
U.S.	4.104	↓ -0.020	↑ 0.977
East Coast	4.117	↓ -0.011	↑ 0.981
New England	4.218	↓ -0.013	↑ 1.057
Central Atlantic	4.248	↓ -0.021	↑ 1.002
Lower Atlantic	4.052	↓ -0.007	↑ 0.965
Midwest	4.066	↓ -0.020	↑ 0.964
Gulf Coast	4.022	↓ -0.038	↑ 0.935
Rocky Mountain	4.156	0.000	↑ 0.987
West Coast	4.307	↓ -0.021	↑ 1.074
California	4.459	↓ -0.006	↑ 1.190

How the Fuel Cost Adjustment Works: The Base Rate is predicated upon the price of fuel to be less than \$2.76 a gallon. To ensure that agencies are appropriately reimbursed, the hourly rate increases by the average fuel cost increase.

For a response to a Fire Mobilization, the Equipment Time Recorder will use the base rate as the rate to be paid. Once the Mobilization has ended, the State Fire Marshal's Office will adjust the rate according to the rates published in Fuel Cost Adjustment section above. The Agency will be notified of any change to the rate which equipment is reimbursed.

Example: A Type 3 Engine responds to a Fire Mobilization. The engine works the following hours per day for the five days mobilized. The cost for diesel is at an average \$ 4.31 (from website above).

The base rate is \$ 80.00, but since the average cost is more than the base rate, the equipment will be paid at the adjusted rate of \$ 90.50.

Type	Base Rate	\$ 2.76	\$ 3.01	\$ 3.26	\$ 3.51	\$ 3.76	\$ 4.01	\$ 4.26
		Between						
		\$ 3.00	\$ 3.25	\$ 3.50	\$ 3.75	\$ 4.00	\$ 4.25	\$ 4.50
3	\$ 80.00	\$ 81.50	\$ 83.00	\$ 84.50	\$ 86.00	\$ 87.50	\$ 89.00	\$ 90.50

Average cost of fuel is: \$ 4.31

Engine Rate is adjusted from \$80.00 an hour to \$90.50 an hour.

Note: Your paperwork from the Mobilization may reflect the base rate of \$80 an hour for equipment, it will be adjusted to the correct rate when processed and audited.

Command Vehicles:

Command Vehicle rates will be applicable when an individual in any of the following positions uses the vehicle: Incident Commander, Branch Director, Operations Section Chief, Division/Group Supervisor, Structural Protection Specialist, Strike Team/Task Force Leader, and Communication Technicians.

Vehicle payment will be calculated for each day, and will be paid for either the daily rate or mileage, whichever is higher.

Example: An Operations Section Chief responding to an incident. The Operations Section Chief drives an SUV and records the daily mileage for each of the 4 days spent at the incident before demobilized and drives home.

Daily Rate

Type	Daily Rate
SUV, Pickup, All Other	\$ 50.00

Appendix N State Chiefs Rate Schedule

2009 Version - Mobilization Plan (Updated June 2012)

Mileage

Type	Daily Rate	Base Mileage Rate	\$ 3.26	\$ 3.51	\$ 3.76	\$ 4.01	\$ 4.26	\$ 4.51
			Between					
			\$ 3.50	\$ 3.75	\$ 4.00	\$ 4.25	\$ 4.50	\$ 4.75
SUV, Pickup	\$50.00	\$1.06	\$ 1.08	\$ 1.10	\$ 1.12	\$ 1.14	\$ 1.16	\$ 1.18
All Other	\$50.00	\$0.73	\$ 0.75	\$ 0.77	\$ 0.79	\$ 0.81	\$ 0.83	\$ 0.85

Average cost of fuel is: \$ 4.31 – Reimbursement Rate for an SUV is \$ 1.16 a mile

Example of how the Fuel Cost Adjustment and being reimbursed for Mileage or the Daily Rate.

Day	Miles	Mileage Rate	Sub-Total	Daily Rate	Mileage or Daily Rate	Amount Paid
1	120	\$ 1.16	\$ 139.20	\$ 50.00	Mileage	\$ 139.20
2	20	\$ 1.16	\$ 23.20	\$ 50.00	Daily	\$ 50.00
3	0	\$ 1.16	\$ 0.00	\$ 50.00	Daily	\$ 50.00
4	75	\$ 1.16	\$ 87.00	\$ 50.00	Mileage	\$ 87.00
Total						\$ 326.20

The numbers bolded above show which was used, the Mileage or Daily Rate.

All Other Vehicles:

All Other Vehicles used for transportation from point of dispatch to the mobilization event and back will be reimbursed for mileage to and from only. The rate for mileage will be that as posted by the U.S. General Services Administration at <http://www.gsa.gov/portal/content/100715>. The current rate was established as of 1/1/2011.

Daily Rate

Type	Daily Rate
SUV, Pickup, All Other	None

All Other Vehicles: Mileage

Faller and Chain Saw: Preferred Method of Hire

Size Class	Hourly Rate	Daily Guarantee	Standard Method of Hire
Faller (All Classes)	\$ 55.00	\$ 275.00	<ol style="list-style-type: none"> 1. All operating supplies, including fuel. 2. Hourly Rate. 3. With Operator (operator/professional faller) 4. Transportation cost included in hourly rate.

(No NIMS Typing for Faller and Chain Saw)

Faller Module:

When the method of hire is faller module, the module shall provide for either one or two fallers (as ordered), the equipment and transportation necessary for falling fire damaged and hazardous trees on wildland incidents. The contractor shall furnish all services, equipment (including PPE), supplies, transportation, insurance and trained personnel necessary to ensure safe and efficient service at the incident. The chainsaw(s) required shall be at least one saw per faller with a minimum of 67cc. All maintenance, repairs and operating supplies shall be the responsibility of the contractor.

The hourly rates shall include all labor, equipment, supplies, transportation and insurance (personal health, vehicle and when required, workers comp). The hourly rate will be paid for all “on shift work”. On shift is defined as actual time spent working (inclusive of ordered standby) as well as travel from point of hire to incident and return, and from the incident base to the fire line and return.

Swampers:

Swampers may be ordered by the incident to work with fallers, for transporting extra equipment needed to handle old growth or problem trees. The only method of hire for a swamper is as a contractor, they will not be hired as part of the chainsaw module. The Swamper rate will not be upgraded to fallers on the Incident after being signed up as Swampers.

Appendix N State Chiefs Rate Schedule

2009 Version - Mobilization Plan (Updated June 2012)

Fallers with Vehicle: Least Preferable Method of Hire

Position	Regular Rate	Overtime Rate
Faller - Class A (up to 12" DBH)	\$ 14.00	\$ 21.00
Faller - Class B (up to 24" DBH)	\$ 17.00	\$ 25.50
Faller – Class C (24" DBH or more)	\$ 21.00	\$ 31.50
Swamper	\$ 14.00	\$ 21.00

Overtime Rate is after 40 hours of Regular Rate hours have been worked within a 7 consecutive day period. **(No NIMS Typing for Fallers or Swamper)**

Fallers with Vehicle: Least Preferable Method of Hire

Fallers Equipment	Mileage or Daily Rate	Rate	Mileage or Daily Rate	Standard Method of Hire
Vehicle	Mileage Only	\$ 0.50	Per mile regardless of vehicle type	<ol style="list-style-type: none"> 1. All operating supplies, including fuel. 2. Faller Rates – refer to Personnel Rates. 3. In addition to hourly rate for the faller/swamper. 4. Covers mileage to, from and while at the fire.
Chain Saw	Daily Rate	\$ 150.00	Daily Rate regardless of hours operated. Only one saw per operator.	

(No NIMS Typing for Faller Equipment)

Shop (Service) Trucks: (Rates Shown are Hourly Rates)

Rate With One Mechanic	Hourly Mechanic's Helper Rate	Standard Method of Hire
\$ 86.00	\$ 33.00	<ol style="list-style-type: none"> 1. All operating supplies. 2. Wet Rate. 3. Hourly work rate. 4. One certified mechanic hourly.

Shop (Service) Trucks are on a Region 6 contract. Non-contract Shop (Service) Trucks shall only be used as a last resort. **(No NIMS Typing)**

Mechanic with Tools & Pickup: (Rates Shown are Hourly Rates)

Rate With One Mechanic	Hourly Mechanic's Helper Rate	Standard Method of Hire
\$ 58.00	\$ 33.00	<ol style="list-style-type: none"> 1. All operating Supplies, including fuel. 2. One certified mechanic. 3. Hourly work rate.

Mechanic with Tools are on a Region 6 contract. Non-contract Mechanic with Tools shall only be used as a last resort. **(No NIMS Typing)**

Appendix N State Chiefs Rate Schedule

2009 Version - Mobilization Plan (Updated June 2012)

Light Towers: (Trailer Mounted)

Type	Daily Rate	Weekly Rate	Standard Method of Hire
Light Tower (mobile)	\$ 75.00	\$ 225.00	1. Dry Rate 2. Without operator 3. Delivery/set up charges extra

Contract Fire Engines without a Use Contract:

Type	Contract Engine Minimum			Hourly Rate		Standard Method of Hire
	Pump GPM	Tank Gallons	Staffing	Full Crew	Minus 1 member	
7	10	50	2	\$ 112.00	N/A	<ol style="list-style-type: none"> 1. All operating supplies, including fuel. 2. No additional payment for foam use. 3. Hourly work rate – unless have a <u>valid</u> contract – then honor the established rates. 4. When a Type 3, 4 or 5 Engine has only 2 people, hourly payment is reduced by \$17 an hour.
6	30	150	2	\$ 112.00	N/A	
5	50	400	3	\$ 140.00	\$ 123.00	
4	50	750	3	\$ 146.00	\$ 129.00	
3	150	500+	3	\$ 157.00	\$ 140.00	

Contract Fire Engines are on a Region 6 contract. Non-contract Fire Engines shall only be used as a last resort.

Contract Tenders without a Current Contract: (Rates Shown Are Hourly Rates)

Type	Minimum Tank Gallons	Hourly Rate w/Operator	Standard Method of Hire
1	5,000	\$ 120.00	<ol style="list-style-type: none"> 1. Paid at this rate if working on the line, not for use for dust abatement. 2. No additional payment for foam use. 3. Hourly work rate – unless have a <u>valid</u> contract – then honor the established rates. 4. Water tenders staffed with one operator, if working two shifts, need a second driver. 5. All operating supplies, including fuel.
2	1,001 to 4,999	\$ 112.00	
3	1,000	\$ 80.00	

Water Tenders are on a Region 6 contract. Non-contract Water Tenders shall only be used as a last resort.

CONTRACT WATER EQUIPMENT:

1. Determine whether the unit is an engine or a tender.

Engine: Self-propelled unit with a suitable tank, pump, hose, nozzle, plus other accessories necessary to be a well-equipped independent unit, including minimum required hose and hand tools for fire protection. (See Engine/Tender Inventories/Accessories list on pages 23 & 24.)

Water Tender: Any ground vehicle capable of transporting 1,000 gallons or more of water. Tenders should be self-filling and have one of the following: 1) a transfer type pump; and/or 2) a quick dump valve.

2. **Engine Type:** Is determined by meeting both the minimum requirements (pump capacity [GPM] and tank capacity [gallons]). If an engine only meets one of the minimum requirements, engine is classified at the lowest minimum requirement met. For example: GPM is 70 and tank capacity is 200, the engine would be classified a Type 6; GPM is 20 and tank capacity 750, the engine would be classified Type 7; GPM is 70 and tank capacity is 750, the engine would be classified a Type 4.
3. **All-Wheel Drive Allowances:** Use the rate tables. Determine the appropriate rate by type of unit and tank capacity. If you specifically order 2-wheel drive units and all-wheel drive is not necessary, do not pay the all-wheel drive rate.
4. **Structural Fire Fighting Equipment:** No payment shall be made for structural firefighting equipment.
5. **Staffing Requirements:** (per hour operated)
Type 6 and 7 engines require 1 engine leader and 1 firefighter.
Type 3, 4 and 5 engines require 1 engine leader and 2 firefighters.
A tender requires one operator.

Engines and tenders are not normally hired with more than the required number of operators/firefighters.

PAYMENT PROVISIONS – NON-WASHINGTON FIRE SERVICE

All equipment hired by the State will be paid according to the Washington State Chief Rate Schedule. If equipment is hired under contracted rates, a copy of the contract must be attached to the OF-286 - Emergency Equipment Use Invoice (EEUI). A W-9 form must be completed at time of initial hire.

Rental Rates

Pay Rates are listed in the rate tables. Transports licensed as common carriers are paid based on the tariff schedule. Pay for equipment rented at hourly rates accrues only when the equipment is under hire and on shift.

Equipment Not Listed

Equipment not listed should be hired at rates listed in the Pacific Northwest Interagency Emergency Equipment Rental Rates. If the equipment is not listed in this rate table, the rates should be rented at a reasonable negotiated rate. Reasonable means a rate comparable to that paid for equipment listed that is similar in type, size or function. If this is a Mobilization incident, negotiations should include at least the Incident Commander and the Finance Section Chief or Incident Commander must document the negotiation. Rates in the rate tables are for new, or like new, equipment.

Hire at Wet Rates

Wet means the owners furnish all necessary fuel, maintenance and repairs due to ordinary use on an incident. Time for servicing and repair work is non-compensable. No rental will accrue during any period when equipment is inoperable. If State Fire Mobilization fuels or services equipment, a deduction for these services must be made on the Emergency Equipment Use Invoice, OF-286. Fuel tickets and/or repair orders shall be attached to the OF-286.

Time Recording

The State Agent responsible for ordering and/or directing use of each piece of equipment shall keep time on an Emergency Equipment Shift Ticket rounded as follows:

Hourly Rate - nearest quarter hour (i.e., 10:06 am = 10:15 am)

Mileage Rate - nearest mile (i.e., 241.5 miles – 242 miles)

Record all time periods where the equipment is inoperable or unavailable.

All mileage, hourly or flat rate rental amounts will be kept on a daily basis. Mobilization and demobilization mileage/hours will be recorded separately.

The hours for all rented equipment shall be recorded on an Emergency Equipment Use Invoice, form OF-286. Make all entries on the OF-286 from a shift ticket signed by the Equipment Group Supervisor, Division Supervisor or Operations Section Chief. Hours worked shall be verified by contractor's or contractor's representative's signature.

Time Under Hire

The time under hire shall start at the time the equipment begins traveling to the incident after being ordered by State Fire Mobilization, and end at the estimated time of arrival back to the point of hire after being released, except:

- If equipment is brought to the fire, made available and subsequently hired, none of the travel is allowed.
- Equipment that fails the pre-use inspection and is not in safe and operable condition will not be reimbursed for travel and is not considered under hire.

No payment will accrue during any period that equipment is not in a safe or operable condition or when Contractor / Owner -furnished operator(s) is not available for the assigned shift or portions of the assigned shift. Reimbursement will be based on the hours the equipment was operational during the assigned shift, as documented in the Incident Action Plan.

Example:

The assigned shift in the Incident Action plan was from 0600 to 1800 hours (12 hours) and the equipment was broken down from 0900 to 1800 hours (9 hours) during the assigned shift. Therefore, the unit would be paid for 3 hours. The Daily Guarantee would not apply.

If the owner withdraws equipment and/or operator(s) prior to being released by the State, no further payment shall accrue and the owner shall bear all costs of returning equipment and/or operator(s) to the point of hire.

On Shift

On shift time for equipment hired by the hour includes time of actual work, time that equipment is held or directed to be in a state of readiness, and compensable travel (mobilization) that has a specific start and ending time. Transported equipment is not on shift while being transported and is not compensated for travel.

Daily Guarantee

Daily guarantee for equipment hired by the hour is noted in the rate tables. Daily minimum guarantee applies only to equipment hired at an hourly rate and on incidents that require extended attack. The daily minimum payment is used in lieu of standby rates for equipment rental. A daily minimum will be paid to provide fair compensation when an operator/owner makes equipment available for use, but the resulting use is less than expected during a calendar day. If compensated hours are more than the daily minimum listed, then actual hours worked are to be paid. If compensated hours are less than the daily minimum listed, then the daily minimum hours are paid. Interagency contracts may have a guarantee that is different from daily minimum listed in the rate tables. Read the contracts for detail.

Daily Rate

Fire Mobilization does not pay daily rates, only hourly rates.

Vehicles Belonging to Operations Line Personnel, Fallers & Casuals

All Casual Hires (Includes Operations Line Personnel, Fallers and Overhead) will be reimbursed for their vehicle mileage using a Mobilization Expense Claim Form.

Transportation Vehicles with Operator

Vehicle with Emergency Firefighter Operators hired for the sole purpose for the use of the vehicle should be paid at the daily rate plus mileage at the appropriate rate for the size class of vehicle. This rate includes vehicle, operator for one shift, fuel, supplies and applicable insurance.

Heavy Equipment/Transports

When a lowboy and another piece of heavy equipment, such as a dozer, are provided with a single operator to operate BOTH pieces of equipment, adjustments to the payment amount will be made as follows: Dozer or other heavy equipment will be paid at the actual rate, and the transport rate will be reduced by \$ 37.33 an hour.

Service Vehicles

The rate of pay shown for heavy equipment includes service vehicles. No additional payment will be made for a service vehicle (or operator) that accompanies the heavy equipment to the incident.

Pilot/Flag Vehicle(s)

The pay rate includes pilot/flag vehicles. No additional payment will be made for pilot/flag vehicles or operators.

Required Personal Protective Equipment and Clothing

- Boots, leather, lace-up type, minimum 8" high, with lug-type sole
- Hard Hat, PLASTIC, with chinstrap – 1 per person
- Gloves, leather - 1 pair per person
- Goggles – 1 pair per person
- Canteen, one-quart size - 1 per person
- Fire Shelters – 1 per person
- Flame Resistant Clothing (shirt and trousers)

Personnel Requirements

- Minimum of 18 years old;
- Fully equipped with required personal protective equipment (PPE) and safety equipment (for a wildland event, need wildland gear); and
- Physically conditioned and fit to perform the tasks assigned.

REQUIRED INVENTORY FOR CONTRACT ENGINES

Accessories required if the pump is operated by an auxiliary engine:

- Sufficient extra spark plugs to replace all plugs in engine in any auxiliary pump engines used
- 1 - wrench, adjustable, 10"
- 1 - wrench, spark plug, unless the adjustable wrench is suitable for use with spark plugs
- 1 - pliers, slip joint, 6"
- 2 - quarts oil, crankcase, if engine is the type that requires crankcase oil
- 1 - screwdriver, blade type, 4"
- 1 - screwdriver, phillips type, 4"
- 2 - rope starters, if engine can be started with a rope
- 1 - gun, grease (filled), if the pump type requires periodic greasing

These accessories shall be stored on or near the pump in a suitable compartment or box. A list of the contents shall be posted inside the compartment or box and be visible when the storage compartment is open.

Mandatory Accessories For All Engines:

- Fuel to operate for 12 working hours
- 1 - suction screen to match capacity of pump
- 1 - spanner wrench, suitable to fit ALL sizes of hose supplied
- 1 - hose clamp
- 1 - compartment box for accessories with visible list of contents

Minimum Engine Inventory:

Hose: 400' – 1-1/2"

Pulaksi: 2 each

Backpack Pumps: 2 each

First Aid Kit: 1 each, 5-person

Double Male: 1 each, 1-1/2" NH

Double Male: 1 each, 1" NPSH

Gated Wye: 4 each, 1-1/2" NH

Shovels: 2 each (size 0)

Fire Hose Clamp: 1 each

Drinking Water: 1 Gallon Canteen, filled

Head Lamps: 3 each (w/batteries)

Double Female: 1 each, 1-1/2" NH

Double Female: 1 each, 1" NPSH

Reducers: 4 each, 1-1/2" NH to 1" NPSH Male

Nozzles: Combination Fog/Straight Steam – 4 each, 1"

Suction Hose with Screened Foot Valve or Strainer: 24' of 2-1/2"

Spanner Wrench: Combination, 1 each, 1" to 1-1/2"

Live Reel/Basket Hose: 200', 1" NPSH

Adapters: 2 each, 1-1/2" NF Female to 1-1/2" NPSH Male

Adapters: 2 each, 1-1/2" NPSH female to 1-1/2" NH Male

Adapters: 2 each, ¼ turn to 1-1/2" NH (1 Female and 1 Male)

Fire Shelter: 1 per person (NFPA Approved)

Fuel: to operate pump and engine (minimum 5 gallons)

Firefighting Tools: (1 each)

- Shovel (size - 0)
- Pulaski
- Fire Shelter

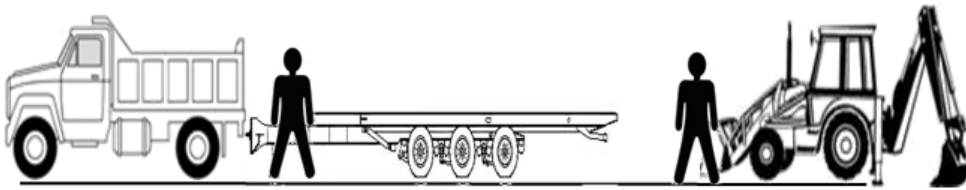

Mandatory Accessories Required to be with Each Tender:

- Fuel to operate the pump and engine for 12 working hours
- 1 (one) suction screen suitable to match the capacity of the pump
- 1 spanner wrench, suitable to fit each size hose supplied, including suction hose
- 1 hose clamp
- 1 hydrant wrench

The Following are Specific Safety Items Required for Vehicles:

- Reflective flairs, 1 set of 3
- Fire extinguisher (4BC or better)
- Wheel chocks

Example Payment of Heavy Equipment and Transport:

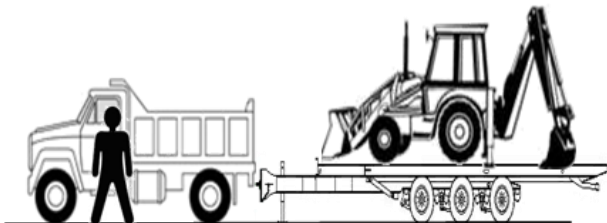

One Operator for the Truck and Tilt Trailer and a separate Operator for the Backhoe.

Scenario: Truck with trailer operated by Operator A the same hours in other example, however was on shift, available for use to move other machinery. Operator B then operated the Backhoe.

	Hourly Rate	Daily Guarantee
60,000 GVWR Dump Truck with Tilt Trailer	\$ 83.00	\$ 415.00
Caterpillar 420D Backhoe - 80 HP	\$ 105.00	\$ 525.00
Tilt Trailer Towed by Dump Truck	\$ 30.00	\$ 150.00
